

52 Tree Information Plaques installed near respective trees – text and photographs furnished by the Save Rani Bagh Botanical Garden Foundation

52 illustrated information plaques have been installed near respective trees enhancing the botanical and educational value of the botanical garden. We furnished photographs and information for these plaques in Marathi and English and weighed in on the design aspect as well and are happy that the V.J.B Udyan authorities installed the attractive plaques. Installation of additional 50 such plaques is on the anvil. Complete information and pictures in Marathi and English pertaining to the 52 plaques in a readable pdf format can be found [here](#)
